Mom's Vacation Just Beginning

Amid the faint note of discontent that pervades the younger set about this time of year at the prospect of the opening of the fall semester can be detected the not-too-well concealed pleasure of long-suffering mother.

Traditionally, the June-August season is dubbed the vacation period, but for mom it is anything but that.

Comes June and the closing of schools for summer and all is well. The youngsters, giddy from their long months of confinement, are busting out all over doing those things they have dreamed of doing during the nine months of school.

Comes July and the spell is dimmed. Baseball, swimming, reading, playing and just plain loafing are mighty fine, but somehow the allure is not as great as it was last month.

Come August and the battle is on. Just messing around becomes downright boring, even for guys and gals not yet turned 10. It's "Mom, this" and "Mom, that." Mom is pestered at every turn by youngsters who have plumb run out of things to do.

By the end of August she's ready for a vacation herself. But by then it's too late. There's still dad to get off to work and now the kids to get off to school.

But she has her own little secret of relaxation with the decks cleared for action with everyone gone and out from underfoot.

That's the "mother's hour" at 9:30 a.m. when she pauses for her second wind and that leisurely cup of coffee and contemplation.

Come next Tuesday we'll join every mother of school-age youngsters in that pause that refreshes.

Mom, it's your vacation. Enjoy it to the fullest.

Space-Age Communications

The government has granted private industry the right to build the first communications space satellites.

The recognition of the ability of civilian firms to do the task was swift in coming once the nation's press went on record as favoring the move (July 13, 1961, The Antioch News).

There was fear that President Kennedy would turn the development of the communications satellite over to the military or a federal agency.

Private industry's ability to do the job has been demonstrated in the form of AT & T's Echo 1, now flashing through space as the forerunner of even greater things to come.

Now that the industry of the nation has been given the go-ahead, we can expect to see a spurt forward in world-wide communications.

The Secret of Successful Fishing

For a great many people fishing isn't the sport and the excellent recreation that it is supposed to be.

People who have fast-paced jobs in our complex society need to take it easy.

If fishing requires the same mad pace that our daily routine requires, it provides little recreational value.

The fisherman who doesn't allow enough time to drive to his favorite area, and as a consequence has to drive his automobile at a high rate of speed, the fisherman who doesn't allow enough time for sleep for a good breakfast, the fisherman who works hard at the lake or stream trying to catch more fish than anyone else, is going to be in worse shape after his day of "recreation" is over than before his day of relaxation began.

The best example of successful fishing we know of is the boy or the man who sits happily dangling a hook from a country bridge or a shady bank.

They may not have the boats and fine tackle, they may not catch any fish, but their relaxed attitude is right, and they're having fun.

The secret of successful fishing is not catching fish, but taking it easy.

Governor Kerner - Journalist

In this issue, The Antioch News presents the first of its weekly articles written by Gov. Otto Kerner, who will endeavor to bring through these columns some of the highlights of state actions and the reasoning behind same.

As an old admirer of Gov. Kerner, although oftentimes on the opposite side of the political fence, we have deep admiration for his abilities and integrity.

We trust this admiration will be sustained through months ahead as Gov. Kerner speaks directly to residents of this area through the medium of these pages.

We have enough faith in Gov. Kerner to believe that his column will be informative, enlightening, clarifying and as free from partisan politics as a leader of a party can possibly make them.

To Gov. Kerner, good writing. To our readers, good reading.

ANON
I saw some yellow leaves today
Falling to earth in bright array.
Though beautiful they were to see,
A sense of sadness came to me.

For only yesterday it seems,
We welcomed Springtime's waking
dreams
And gloria in Midsummer's sway—
Now Autumn comes to close the
day!

'Tis here, then gone—a breath, a
sigh,
And Nature once again will sleep
Neath skies grown dull with snows
and sleet.

But like the day, the night must
end—
Time shows no favors in its trend;
The Winter cannot long remain
And soon we'll welcome Spring
again!

Your Governor Reports

by OTTO KERNER

Through the cooperation of the editor of your newspaper, I am taking this opportunity of presenting a report to the people. In my own opinion the most effective means of so doing is through the columns of this newspaper, which keeps in touch not only with local affairs, but with matters of statewide interest and importance.

There is today a rebirth of interest on the part of all of our citizens in the future of our country. To help enlarge this interest in government, I am writing this weekly column to fully acquaint you with the problems facing Illinois as a state, as I see them from the Governor's chair in Springfield.

The 72nd General Assembly, which adjourned June 30, passed 1,464 bills. Of this total, 497 were Senate bills and 967 were House bills. After almost two months of study and deliberation, I signed into law 1,197 pieces of legislation, vetoed 258 and vetoed in part 9.

Some say the number of vetoes is a record. I want one thing understood. I was trying for no records. I was trying to serve the best

interests of the people of the State of Illinois. That is the only reason the veto pen was used so vigorously.

As this column progresses I wish to explain what guided my actions during these months of deliberation as well as to discuss problems of an immediate nature.

Legislation which improved the standards of government and, in my opinion, will result in greater benefits to the people received executive approval. Legislation which I did not feel was beneficial to our citizens, I could not support.

In the weeks that follow, I should like to report to you concerning events that have a direct and profound influence upon each of us in Illinois. Next week, I should like to discuss reasons why this administration has taken steps to revitalize the economy of the southern part of our state.

Before closing I would like to thank the editor of this newspaper for making these weekly reports possible.

Best wishes to all. Otto Kerner

\$1 in Every \$10 of Your Tax Dollars Goes for Payment of Interest on Debt

More than one dollar out of every ten that is being collected in Lake County by the Federal government through income taxes and excise taxes, is to meet the annual interest charges on the national debt.

The local contribution for that purpose is an estimated \$14,881,000. That takes care only of the carrying charges on the debt. It has no effect on the principal itself, which has risen to \$290 billion and is heading higher.

The breakdown is based on government figures, which show that the interest on the debt is nearly \$9 billion a year at the present time and on data released by the Tax Foundation, which reveals that the average indebtedness for interest is now \$49.97 per capita. That is at the annual rate of \$184 per family nationally.

Commenting on this situation the New Jersey Taxpayers Association states: "If one out of every \$10 in the family budget went to pay interest costs—not to retire principal on the family debt, the family breadwinner would feel mighty burdened. Yet the federal government and the taxpayer are in just such positions."

"In addition to the burden of carrying charges," the Tax Foundation points out, "the big trouble with too much debt, is the inflationary pressure it exerts on the monetary system."

Population Growth

The one bright spot in the picture, it notes, is the fact that population in the United States is growing faster than debt, so that the amount owed per person is now \$1,583, compared with \$1,622 a year ago.

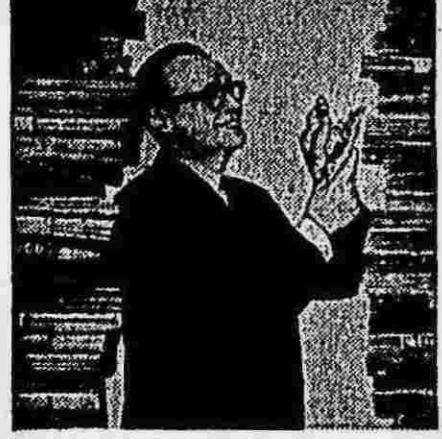

For Lake County as a whole, on the basis of its present population, its portion of the national debt is an awesome \$463,847,000.

If local families were suddenly called upon to pay off this amount it would take them 4.2 months to do so if they applied every cent of their net income, which averaged \$10,121 per household in fiscal 1960, to that purpose.

Cost of Britain's National Health Service—a system of socialized medicine—climbed to more than two billion in 1959-60, according to Reuters, the British press service. The Ministry of Health has expressed official concern over the continuously rising costs.

State Revokes License Suspension Of Resident

The suspension of the license of Bruno Manzardo, 414 Windsor Dr., Antioch, was rescinded in action last week by the office of Charles F. Carpenter, secretary of state.

Manzardo's license had been suspended by the division on a report of speeding. However, the division rescinded the order following receipt of information last week from the court of D. R. Dixon of Round Lake Park showing that a report of the offense of speeding was forwarded in error since the case was appealed to the county court of Lake County.

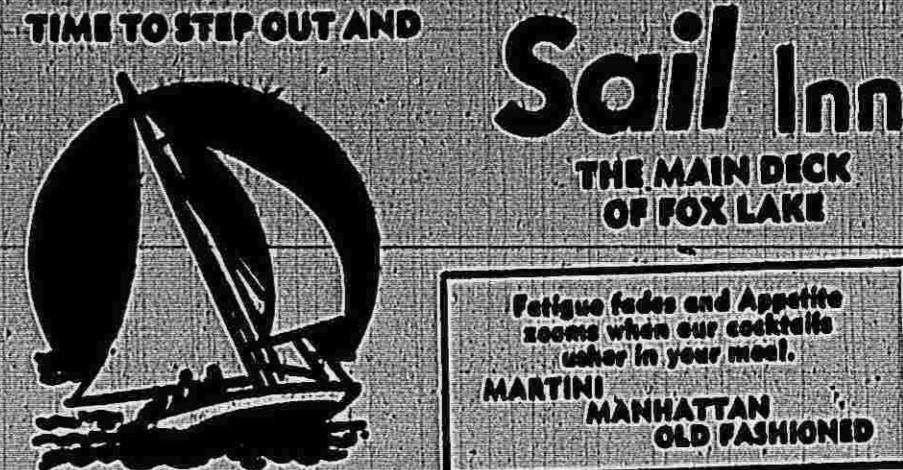

The suspension of the license of Anthony J. Vallango, Fox Lake,

was also rescinded upon review of the record which disclosed that one of the three offenses was not of such a nature as to indicate disrespect for traffic laws and disregard for the safety of other persons on highways.

Crosswalks may not have been named in honor of irritated pedestrians, but they do help everyone effort to get across the street safely. The Institute for Safer Living says use a crosswalk when you can, even if you have to go a little out of your way to reach it.

30 Friends Bid 'Bon Voyage' to Miss Olson on Eve of World Cruise

By Mrs. Pearl Kapell

CHANNEL LAKE — When Miss Dorothy Olson "takes off" on a world cruise of foreign ports on Sept. 20, she'll carry a couple of pieces of luggage and the warm good wishes of her many friends who presented her with the cases at a Bon Voyage party at the home of Lucile Eberman last week.

About 30 ladies attended the afternoon surprise party. Festivities started with a game to see who could decipher the scrambled names of some of the countries Dorothy will visit. And who can remember what the numerous small new countries are called this week? Very educational, anyway. Tai Wan, for example. Now, why don't they use sensible English names?

After everyone gave up trying to figure out some of the names, Dorothy opened the numerous small packages of traveller's treasures contained in one of the suitcases—soaps, shampoos, etc., that one always runs out of on a trip. Each gift was commented on in verse written by the hostess. A cake inscribed "Bon Voyage" was served with ice cream and coffee, and the balance of the afternoon spent playing cards.

Miss Olson leaves Chicago Sept. 4 for Tucson, Ariz., where she will spend a week with her sister, Mari-Anne Flowers, and a few days at the home of her brother, Franklin Olson, of Costa Mesa, Calif., before going to San Francisco.

From there she will journey—still on the President Coolidge—to Okinawa, Tai Wan, Hong Kong, Viet Nam, Singapore, Penang, Ceylon and Bombay, India. She will have several days in India and reboard the ship in Karachi, Pakistan. Then to Port Said, through the Suez Canal, and to Naples, Italy, Marseilles, Barcelona, Genoa and Leghorn.

She will leave the ship in Leghorn, and spend six or seven months touring the continent as fancy dictates.

Miss Olson, who teaches third grade at the Stevenson school in Melrose Park, plans to attend several famous elementary schools in Europe for purposes of observing methods of teaching there. She is especially interested in studying the foreign language classes at the elementary level.

Rebekahs Schedule Friends Night

Lakeside Rebekah Lodge 82 will hold Friends Night Sept. 6 at the American Legion Hall. The evening events will begin at 8 p.m.

A "hard time" party will follow the regular program for which members and guests will dress accordingly "or pay the penalty."

Fall Wedding

Merry Mortensen

An early fall wedding is planned for Miss Merry Colleen Mortensen, whose engagement to Terry Priko, of Zion, was announced this week by her parents, Mr. and Mrs. Robert Mortensen, of 1010 Spafford St., Antioch.

The groom-to-be is the son of Mr. and Mrs. Rudolph Priko, Rt. 1, Zion and is employed by Anchor Coupling, Libertyville.

Miss Pat Jesse Named to High Student Office

Miss Pat Jesse, daughter of Mr. and Mrs. Harry Jesse, Hilltop Ave., Grass Lake, has been elected president of the Association for Childhood Education at National College of Education, Evanston, for the coming year.

Miss Jesse has been business manager of Chaff, school newspaper, and member of the Drama Club.

National College is known for its contemporary leadership, combining principles and practice in its entire program for elementary school teachers and administrators.

The most recent addition to the College schedule is a new graduate program of special education for teachers of the retarded.

Texas Visitors

Mr. and Mrs. Charles R. Horan, of Fort Worth, Texas, spent the weekend with brothers James F. and Mr. and Mrs. John L. Horan, of Antioch.

Charles (Chuck) is an engineer with (CAA) Civil Aeronautics Authority stationed at Fort Worth and has been associated with the government for the past 30 years. It has been eight years since Charles visited Antioch.

New Library Books Open the Doors To a World of Adventure for Youth

Some very fine children's books have recently been added to the book collection of the Antioch Township Library as memorial books, according to Mrs. Marion Harden, librarian.

"Hero Tales from Many Lands" was selected from the mythology and legends of many lands by Alice I. Hazlitt. These stories about King Arthur, Achilles, Beowulf, the Cid, and many others will inspire readers to learn more about the courage and character of the heroes of the past. "Hero Tales" was given in memory of Paul Erickson.

Many excellent histories are now being published for young people who are showing their appreciation by reading them avidly. The Editors of American Heritage—the history magazine—have compiled two attractive volumes of American history which are now on the library shelves in memory of Mrs. Bertha Larson. "Naval Battles and Heroes" is colorfully illustrated with pictures of famous ships and the men who commanded them.

"Discoverers of the New World" will be enjoyed for the reproduc-

tions of old maps almost as much as the fine tales of adventure from the times of Columbus to the explorations of Vitus Jonassen Bering.

Princesses and trolls, talking animals and shrewd peasants people the pages of "Norwegian Folk Tales," newly translated from the collection of Peter Christen Asbjornsen and Jorgen Moe. These tales have a rollicking, down-to-earth humor which will be as popular with today's American children as they were 100 years ago on the other side of the Atlantic.

"Norwegian Folk Tales" was also given in memory of Mrs. Bertha Larson.

Dayton Residents Visit Friends Throughout Area

Mrs. E. J. Anderle and daughter, Frances, of Dayton, O., visited with Mr. and Mrs. Emil Anderle, of East Shore Crooked Lake for several days on the way home from a vacation trip in Canada. In Canada they toured Quebec and other points of interest.

Mrs. Anderle, a member of the Seeling family, pioneers of Dayton, has many friends in the area and the Chicago suburbs.

Her visit with the Anderles of Crooked Lake was climaxed when all went on Sunday to LaGrange to visit Mr. and Mrs. Frank Triner and to celebrate the ninth birthday of Carrie-Lynn Marovic, granddaughter of the Emil Anderles.

Mrs. E. J. Anderle and her daughter left for home after visiting several days with Father and Mrs. Keyes in Arlington Heights.

Frances is an instructor in Waynesville (Ohio) high school and a son, Robert, is a captain/pilot for Trans World Airlines.

Lindenhurst Plans Welcome For New Pastor

By Mrs. Bernice Bernau
Elliott 6-8449

LINDENHURST—A get-acquainted social will be held at the home of Mr. and Mrs. Leland Hansen, 1915 East Sprucewood Lane, Lindenhurst, for Rev. Harold I. Nelson and his family, Sunday, Sept. 10, from 2:30 p.m. until 5 p.m.

All interested in becoming members of St. Mark's Evangelical Lutheran Church are invited to come and meet the new pastor. The Rev. Nelson will move into the parsonage about Sept. 1. The church should be finished sometime in November.

Hostesses for the afternoon will be Mesdames Hansen, Bertil Langer, Gustav Fabry, Robert Randall and William Kaub.

Nick Nikole, who has lived at the Baptist Home in Lake Villa for the past four and a half years, and at the Martin Golden residence on Elmwood Drive in Lindenhurst for the past 5½ weeks, has gone to live with his mother, Mrs. Emily Nikole, in California. Nick was a student at Antioch High School and was prominent in athletics. His new address is 6152 Indiana Ave., Buena Park, Calif.

Colman Horwath, 1705 Cherrywood Lane, was a patient at Victory Memorial hospital for five days last week for x-rays and various tests.

The Lindenhurst Garden Club will not meet Monday, Sept. 4, Labor Day, but will meet the following Monday, Sept. 11.

Mesdames Dorothy Golden, Dorothy Smith, Lorraine Grant, Marie Anderson and Miss Shirley Heldner, members of the "Carousers," a Po-Keno Club group, had dinner at the Adria Restaurant on Skokie Highway last Tuesday evening. They also celebrated Mrs. Smith's birthday.

Mrs. Herbert Alward, 2004 Fairfield Road, gave a moving away party for herself recently. The family will move to Waukegan Sept. 1. Friends and neighbors who attended the party included Mesdames Pat Parpan, Harriet Bonovitz, Barbara Koepken, Rose Anne Racht, Roberta Hazel, Eileen Springer, Bunny Kurzin, Marge Moffitt and Rose Witlock. They gave her a tablecloth and napkins. Mr. and Mrs. Robert Smith, 1905

East Pinecrest Lane, and Mr. and Mrs. Joe Botts, of Grand Avenue and Grub Hill road, had dinner at the Angels Restaurant in Antioch Saturday evening to celebrate the ladies' birthdays.

Later they stopped at the Botts home where they played pinochle.

A belated graduation party was celebrated Saturday evening by Linnea Christensen, 208 Hazelwood Drive. It was a combined luau and graduation celebration. The girls wore muu-muus and the boys were dressed as beachcombers. Linnea and Judy Miller wore grass skirts.

Attending were Michael Davis, Jody Shirk, Vernon Krohn, Hans Mathiesen, Chuck Schroeder, Stan Davis, Janis Miklautsch, Kay Borst, Linda Rosing, Tony Meier and Diana Lee.

The group played games and danced in the garage. Later they roasted hot dogs outside and drank Hawaiian punch from coconuts shells.

Mei Uebel, 106 North Hawthorne Drive, was hostess to the "Night Owls" last Friday evening.

For the first time in more than a year Bert Hareg won a prize.

She received a two tier serving tray. Betty Janege won a three strand necklace, and Pat Viba, a basket of flowers.

Losers were Ellen Hareh, Georgia Sutherland, Helen Mindak, Ida Christensen and Dolores Povilsits.

The "Gad-a-houts" played Po-Keno at Sandy Drago's home, 1803 Elmwood Drive, last Wednesday.

Friday is the first Friday of September. Confessions will be heard at Prince of Peace Church on Thursday from 4 to 5 p.m. and 7 to 8 p.m. Mass on Friday will be at 8 a.m.

The Altar and Rosary Society will receive Holy Communion Sunday at the 8 a.m. Mass.

The Sodality will hold its regular monthly meeting Wednesday, Sept. 6, at 8 p.m. in the church. Plans for the Christmas bazaar will be discussed. All members are urged to attend. Visitors are welcome. Mrs. Loretta Warchol is president of the group.

If some folks didn't have troubles, they'd have an awful time carrying on a conversation.—Journal-Standard, Freeport, Ill.

THE LAW

A PUBLIC SERVICE OF
ILLINOIS STATE BAR ASSOCIATION

IN COOPERATION WITH THIS NEWSPAPER

This is one in a series of articles provided as a public service by the Illinois State Bar Association.

From time to time, charges of unethical practices are hurled against the legal profession. Most of us realize, however, that the guilty parties are the few who bring criticism against the entire profession. But many non-lawyers do not realize the strict rules of conduct imposed upon attorneys by what are known as the "Canons of Professional Ethics."

The Illinois State Bar Association has canons of ethics which the members must observe or risk being expelled from the association.

And all Illinois lawyers are subject to rules of proper conduct enforced by the Illinois Supreme Court. The codes of ethics are policed and enforced largely by the lawyers themselves and violations of them may lead to disbarment or suspension from practice.

Let us consider several of the more significant canons of the Illinois State Bar Association so that the reader may appreciate the framework within which the lawyer is supposed to conduct his practice.

A lawyer is not allowed to attempt to exert personal influence on a court, and may not approach a judge outside of court for the purpose of getting the judge's views, or influencing his opinion, on matters before him in court.

It is the right of the lawyer to undertake the defense of the accused, so that innocent persons, victims only of suspicious circumstances, are not denied a proper defense. If the lawyer refused to defend those he thought guilty, he would be acting as judge and jury before the trial.

Further, having agreed to defend the accused, the lawyer is bound to utilize, by fair means, all defenses which are available under the law. On the other hand, the public prosecutor's primary concern is not to convict the accused, but rather to see that justice is done. Consequently, he may be bound to aid the accused if he learns of facts or witnesses which establish his innocence.

A lawyer may not represent two or more parties in the same matter if the interests of one party conflict with the interests of the other, unless he explains the situation to all parties involved, and obtains their consent to continue in the matter as their attorney. A lawyer may not represent a client in a matter which would require him to divulge or make use of information which was revealed to him in confidence by a former client.

Probably no other section of the Canons is of greater importance to the preservation of the dignity of the legal profession than that which requires lawyer to guard scrupulously the facts revealed to him in confidence by his client. Neither he nor his employees may disclose any information gained as a lawyer, even to closest relatives, and even though the lawyer's employment has long since ended. He may not be forced to testify in court as to confidential disclosures, unless the client consents.

Illinois lawyers are admonished by their Canons against charging more than their usual fees because the client is able to pay at a higher rate. Nevertheless, every lawyer is expected to reduce his normal fee if the client cannot afford to pay it. Fees are generally based on such considerations as time spent, the difficulty of the problem involved and the results obtained for the client.

The rules described above do not constitute the entire Canons of the Illinois State Bar Association, but they are representative of the type of ethical obligations that a lawyer is bound to observe. Of course, there are a small minority of lawyers who do not pay heed to their duties, whose conduct brings the entire legal profession into disrepute. Improper conduct should be reported to the state or local bar association so that proper steps may be taken to investigate the charge and, if necessary, impose punishment.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Motorists Must Be Alert

For School Children

Drivers who have been reading about the country's population explosion may find a part of it on the streets this fall when thousands of youngsters will be trooping to school for the first time. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, motorists must

do their share toward protecting young children. Always slow down when entering a school area. Make sure that you can stop if a child suddenly darts in front of you.

One of the troubles with this country is that too many adults—and not enough children—believe in Santa Claus.—Record, Dadeville, Ala.

104 Seek Berths on Sequoit Grid Squads

Coach Hails Spirit; Sees Good Season

While many sports buffs can be found on the leeward side of the house, fan in one hand and a tall cool one in the other, 104 Sequoit hopefuls were engaged in full-scale drills for the forthcoming football season.

Pointing to the first full-scale scrimmage of the season Saturday, Coach Bob Walther's charges were today engaged in the fourth full day of pre-season drills. And what he has seen to date convinces the varsity mentor that Antioch High's winless days on the gridiron may be coming to an end.

"The boys have shown remarkable spirit," said Walther, "and it's evident that there should be some winning games along the way."

This is a turnaround from last year when the Sequoits went winless dropping eight straight. Although the 1960 squad was hampered by inexperience, it was evident to fans, too, that the old intangible "deep-down desire," wasn't forthcoming to the desired degree.

Walther feels he has the makings of a fighting, determined squad this year and says his boys will return a few lumps to conference foes in the season ahead.

Although practice sessions have been too few at this writing for Coach Walther to pinpoint his top men, he's counting on 11 returning lettermen to give the squad poise and balance.

Workouts to date have uncovered four good halfbacks: Toby Henry, Ray Partipilo, Rich Fowles and Rich Fitch. Up front, the Sequoits should have few problems with Ron Gable at center, and Don Verkett and Frank Nauseda, both guards, paving the way.

Punting, always a worry at the prep level, may be solved for Antioch in the form of Bob Barnstable, Bob Hart and Rich Fitch, who have been sending the 'skin far downfield in practice sessions.

Of the 28 out for varsity, 15 are seniors, 12 juniors and one a sophomore. Assisting Coach Walther is Roger Andrews.

Twenty-four sophs answered early practice calls by Roy Nelson, while 52 freshmen are working under Doug Risberg assisted by Bill Seemann. The frosh squad is a bright spot these days, a beefy group and fast group that outweighs the varsity hopefuls by a fair amount, according to Walther.

Meanwhile, the Sequoits are hard at work for the season's opening Sept. 16, a non-conference tilt at McHenry, with the frosh-soph battling at 6:15 p.m. and the varsity at 8.

And if you fans desire to drop a few pounds the workless way, why not drop over to the old practice field, any morning between 8:30 and 11:30 a.m. and watch the 104, all suited up, tripping gaily in this 90-degree weather.

Coach Sees Winning Year For Central

A winning season in football at Salem Central was predicted today by Coach Roger Terry, who looks for returning veterans to give the squad an added punch.

"I look for a much closer race this year with the championship up for grabs," said Coach Terry. He foresees some trouble in early season play until a top-line quarterback develops and hopes that either junior Ken Halbach or sophomore Ron Birchell improve sufficiently to take the position.

Central's backfield will be built around the power running of Jim Urban, with Bill Schultz, Vince Klemko, Ralph Remus and Jerry Axtell opening the holes.

Several fine pass receivers keep Coach Terry's outlook bright and he is depending on Jim Hofer, Len Muehleisen, Dave Bush and Glenn Schulz in this department.

Lack of numbers and proven capabilities in the ranks of the senior class, plus defensive lapses caused by inexperience of underclassmen were contributing factors to last year's 3-5 won lost record. Lost through graduation were Andy Aguero and Jeff Grumbeck, backs; Dave Johnson, Earl Frank and Frank Rhodes, tackles; Rick Varvil, End; Tom Straulin, Russ Hanson and Mike Tristano, guards.

Returning lettermen around which Coach Terry will build his squad are: Vince Klemko, center; Ralph Remus, Bill Schultz, Don Durkin, Keith Gentz, Bernie Schlagel and Stan Dobrovolski, tackles; Rudy Czarny, Jerry Axtell and Eldon Talbert, guards; Jim Hofer, Len Muehleisen and Dick Wels, ends; and Jim Urban, Dave Bush, Nick Daniels and Glen Schulz, backs.

Salem Central plays its first game Sept. 8 at home against Whitnall of the Braveland Conference.

VARSITY FOOTBALL Coach Bob Walther, shedding a few pounds with his 104 grid hopefuls in pointing for a strenuous season, shows squad members how to throw an effective block. Practice opened Monday, with the squad pointing for its opener Sept. 16 at McHenry.

Cubs Cop L. League Crown With 3-1 Win Over Pirates

By Mrs. Bernice Bernau

The Cubs, with a 10-2 record, ended up as king of the hill in the Lake Villa Township Little League. The Cubs closed their victorious season Sunday with a 3-1 win over the second-place Pirates, 10-20 champs.

In other games last week, the

Dodgers were pushed further into the cellar by virtue of their 14-4 loss to the Yanks.

The Cubs set the class in the league, sending across 114 runs over the season while holding opponents to 27. Cub pitchers racked up two shut-outs, held their opponents to one lone run in four other outings, and held the opposition to three runs or less in all but three games.

Gary Fee, top Cub hitter, posted a .584 average at the plate.

Managing the champs was Tony Romano, assisted by Ted Flanagan, coach. The Cub roster: Phil Jackson, Richard Slavik, Richard Schneider, Gary Fee, Ralph Zanck, Ed Powell, Jerry Dusek, Jim Garrowinski, Dick Collignon, Jim Austin, Steve Schmeisser, Billy Hamm, Johnny Drago, Bill Flanagan and Larry Davis.

The Cubs climaxed the season after Sunday's game with an ice-cream soda orgy at Krater's.

Here's how they finished:

Lads Get Chance To Demonstrate Football Prowess

An opportunity for Antioch area boys to compete in a football punting, passing and place-kicking contest, with trips to National Football League games among the prizes, was announced today by Larry Ryan, of Lyons-Ryan Ford.

Ryan said the Antioch competition is part of a nation-wide program sponsored by Ford Division of Ford Motor Company in cooperation with the National Football League. Known as the "P. P. & K."—Punt, Pass and Kick—the competition will culminate with all-expense trips by five national winners and their fathers to the National Football League Championship game, and an official reception at the White House.

Selection of the National Champions will be made as a result of televised competitions at a home game of each of the 14 National Football League teams.

The Antioch P. P. & K. competition is open to grade school boys aged six through ten, and will be held early in October. Registration for the event opened this week at Lyons-Ryan Ford, Antioch, and extends through Sept. 25. There is no cost, but entrants must be accompanied by a parent or guardian. Each entrant will receive a P. P. & K. badge, an instruction book written by NFL stars Johnny Unitas, Yale Lary and Paul Hornung, and an official 1961 NFL Guidebook.

After the Antioch competition is held, scores of the most skillful punters, passers and place-kickers—one in each age group—will be compared with the scores of boys in the other competitions held in the area covered by telecasts of the Chicago Bears.

The top five boys in this region and their fathers then will be given
